

Tangible Modeling with Open Source GIS

---

Springer 2015

## Contribution

This book was a collaborative effort with my colleagues in the NCSU Open Source Geospatial Research and Education Lab (<http://geospatial.ncsu.edu/osgeorel/>) Anna Petrasova, Vaclav Petras, and Helena Mitasova. I was the sole author of chapter 1 and chapter 3. I co-authored chapter 7 and chapter 10 being responsible for approximately half of the content. I also contributed extensively to the Appendix being responsible again for approximately half of the content. My co-authors and I extensively edited the content, imagery, style, and structure of the entire book.
